Contents

Accomplishing 'the case' in paediatrics and child health: medicine and morality in inter-professional talk (White) 409
Actor networks, policy networks and personality disorder (Manning) 644
Agency and structure: the impact of ethnic identity and racism on the health of ethnic minority people (Karlsen and Nazroo) 1
Autonomy and bureaucratic accountability in primary care: what English general practitioners say (Harrison and Dowswell) 208
Colonising the future: temporal perceptions and health-relevant behaviours across the adult lifecourse (Lawton) 714
Consumerism and professional work in the community pharmacy (Hibbert, Bissell and Ward) 46
Contesting the text: Canadian media depictions of the conflation of mental illness and criminality (Olstead) 621
Contingency in everyday surgical work (Pope) 369
Doing agoraphobia(s): a material-discursive understanding of diseased bodies (Reuter) 750
'Everybody just freezes. Everybody is just embarrassed': felt and enacted stigma among parents of children with high functioning autism (Gray) 734
Epistemology and legitimacy in the production of anorexia nervosa in the journal *Psychosomatic Medicine* 1939–1979 (Mizrachi) 462
Fordism in the fast food industry: pervasive management control and occupational health and safety risks for young temporary workers (Mayhew and Quinlan) 261
From Type A man to the hardy man: masculinity and health (Riska) 347
Gender and risk assessment in contraceptive technologies (van Kammen and Oudshoorn) 436
Integrating homeopathy and biomedicine: medical practice and knowledge production among German homeopathic physicians (Frank) 796
Introduction: Connecting criminology and sociology of health and illness (Timmermans and Gabe) 501
'It was a real good show': the ultrasound scan, fathers and the power of visual knowledge (Draper) 771
Medical modelling of obesity: a transition from action to experience in a 20th century American medical textbook (Chang and Christakis) 151
Older people in the field of medication (Lumme-Sandt and Virtanen) 285
Prostate cancer: embodied experience and perceptions of masculinity (Chapple and Ziebland) 820
Seeing health and illness worlds – using visual methodologies in a sociology of health and illness: a methodological review (Harrison) 856
